DETAILED ACTION

This action is in response to paper filed 20 December 2004.

This action is on claims 6, 17, 19, and 20.

Rejoinder

Applicant has requested rejoinder of claims 7-10.

Claim 6 directed to an allowable method and was stated to be a linking claim in the restriction requirement. The requirement stated the following:

Upon the allowance of the linking claim, the restriction requirement as to the linked inventions shall be withdrawn and any claims depending from or otherwise including all the limitations of the allowable linking claim will be entitled to examination in the instant application. (underlining added)

Claim 6 was amended in prosecution to add the limitation of requiring DNA comprising E1B, not only E4orf6 as recited in the original.

Thus, claims 7-10 are not subject to rejoinder and the restriction requirement is maintained.

Rejections Withdrawn

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 102

Claim 6 was rejected under 35 U.S.C. 102(a) as being anticipated by Boyer *et al.*

Applicant's correction of inventorship has overcome the rejection.

Claim Rejections - 35 USC § 112

Claims 12- 16 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Applicant has canceled the claims.

Allowable Subject Matter

Claims 6, 17, 19, and 20 are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
